# ANNUAL GOLF CLASSIC

FUNDRAISING EVENT

June 20, 2011

Westchester Country Club

*"IT DON'T MEAN A THING IF YOU AINT GOT THAT SWING"*

## Golf is good for business...

It's a perfect way to get people out of a structured office environment and into a more relaxed atmosphere where everyone shares the same passion.

Participation in the annual **JA New York Golf Classic** will help you develop the confidence needed to join business associates on the fairway for leagues, outings, social events, networking and relationship building.

## Ladies – want to play golf, but not sure how to get started?

More women are taking up the game of golf each year as it gets easier to get into the game. The great thing about golf is that it truly is open for men and women to enjoy together. However, it is only natural for some women to feel more comfortable participating in the game with groups of other women.

## In fact, women are the fastest growing segment in the game

And **JA New York's Women's Golf Clinic presented by American Express** is the perfect place to start learning how to play.

**The JA New York Golf Classic Women's Golf Clinic** provides a safe and relaxing environment for women business professionals to become at ease with both learning and enjoying the game.

The beautiful, rolling, green Westchester Country Club fairways, amidst a backdrop of breath-taking nature, the pure fun and challenge of playing the game, and the tremendous social opportunities that go along with it, makes the **JA New York Annual Golf Classic** the perfect occasion to be introduced the classic game of golf.

## Already know how to play? Use golf as a reward

- Organize golf foursomes to help establish camaraderie between employees. It can lead to better workplace environment. Foursomes can be mixed (men and women) or men vs. women...
